

E.U. Regulation (EC) No. 833/2014

Oct 23, 2023

Bild Industries Inc. is aware of the Import Ban on Iron and Steel products from Russia according to Regulation (EC) No. 833/2014 effective September 30, 2023, and the requirements of importers to provide evidence of the country of origin/MTC for products sold into the European Union.

Bild Industries Inc. is a U.S. distributor and therefore not bound by this regulation, as we are not a direct importer into the E.U.

What we will do:

When requested, supply what available certifications we currently have.

Add flow down requirements to our suppliers if necessary, when requested by customer purchase order.

Expect that any requirements regarding this regulation be addressed at the time of quotation and clearly stated on any purchase orders.

What we will not do:

Certify that our current inventory does not have any Russian products/processing in the supply chain.

Sign any blanket declarations about past, current or future items we supply with respect to this EU Regulation.

Allow returns of previously shipped items as a result of this regulation.

Previous orders from customers in need of further information or documentation may be subject to a processing and handling charge on a case-by-case basis.

Bild Industries, Inc.
